About Us

MTS & Building Construction Co. Ltd is a Tanzanian company focused on delivering practical construction and outdoor structure solutions for businesses, institutions, and private clients. We design, supply, and install functional spaces that are built to perform from parking shades and warehouses to tents, canopies, pergolas, and general building works.

Over the years, we've worked on a wide range of projects, supplying everything from event tents and camping systems to tarpaulins, shade nets, metal fabrication, and custom structures. Our strength lies in understanding how these solutions are used on the ground, then building them to last. Every project is handled with care, attention to detail, and materials chosen for durability in real working conditions.

We believe good work speaks for itself. That's why we focus on clear communication, reliable delivery, and honest service. Whether it's a small installation or a large construction project, we work closely with our clients to get it right creating spaces that are practical, dependable, and made to serve their purpose long after installation.

Company Overview

Legal Status

MTS & Building Construction Co. Ltd is a legally registered limited liability company in Tanzania, incorporated under Certificate No. 162353373, operating in compliance with national business regulations.

Year of Incorporation

The company was established in 2020, with a focus on delivering reliable construction solutions and outdoor structural products.

Nature of Business

MTS specializes in construction and outdoor structural solutions, including car parking shades, event tents, warehouses, canopies, gazebos, pergolas, camping systems, tarpaulins, shade nets, welding and metal fabrication, and general building works. We provide both supply and installation services, offering practical, durable solutions tailored to client needs.

Core Markets

We serve a diverse client base comprising commercial businesses, government institutions, organizations, and private individuals supporting projects ranging from small installations to large-scale structural works.

Geographic Coverage

Headquartered in Dar es Salaam, MTS operates across Tanzania, delivering projects and supplying products to clients nationwide.

What we Believe in

Our Vision

To become one of Tanzania's most trusted names in construction and outdoor structural solutions recognized for reliability, professionalism, and consistent quality in every project we undertake.

Our Mission

To deliver practical construction and structural solutions that are durable, functional, and built to serve real needs. We are committed to quality workmanship, reliable service, and creating structures that add long-term value to our clients and communities.

INTEGRITY

We operate with honesty, transparency, and accountability in every service we deliver.

DURABILITY

We focus on strong materials, skilled workmanship, and attention to detail.

SAFETY

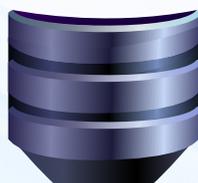

We prioritize the safety of people, property, and the environment in all our operations.

EXCELLENCE

We strive to deliver high standards in workmanship, service, and project execution.

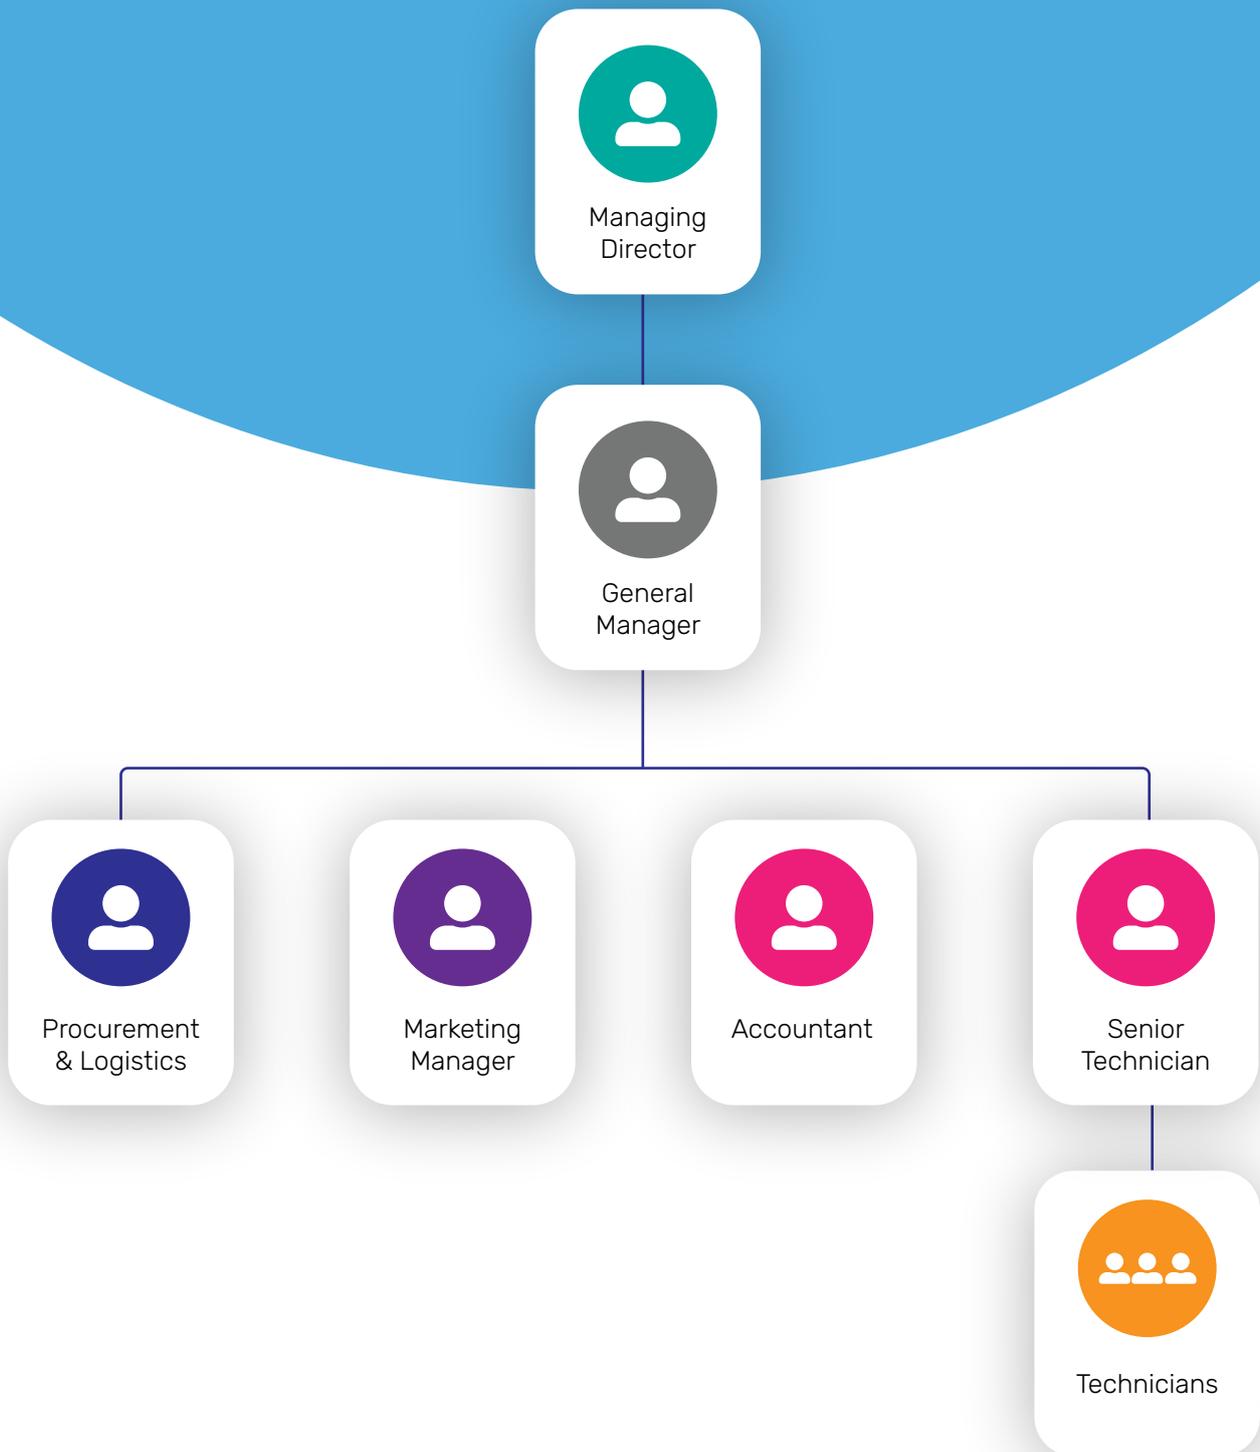

CUSTOMER CARE

We listen, understand, and respond with solutions.

Car Parking Shades

Our car parking shades are designed to protect vehicles while enhancing the overall appearance of your property. We design, fabricate, and install durable shade structures using quality materials that withstand harsh sunlight, rain, and everyday wear.

Whether for offices, residential compounds, commercial premises, or public spaces, we provide customized parking shade solutions tailored to your site layout and functional needs. Each installation focuses on strength, clean finishing, and long-term performance helping reduce heat buildup on vehicles while adding a professional, organized look to your space.

From compact private carports to large commercial parking shades, MTS delivers practical structures built for reliability, safety, and lasting value.

Car Parking Shades

Camping Tents

2

Our camping tents are designed to provide comfortable, reliable shelter for outdoor activities, events, and temporary accommodation needs. We supply quality tents made from durable, weather-resistant materials that are easy to install and suitable for both short-term use and extended outdoor stays.

Whether for recreational camping, group activities, site operations, or hospitality setups, we offer a range of tent sizes and configurations to match different requirements. Each tent is selected for strength, ventilation, and practicality ensuring users stay protected from the elements while enjoying a safe and comfortable environment.

At MTS, we focus on supplying camping solutions that are simple to use, built to last, and tailored to real outdoor conditions.

Camping Tents

3

Restaurant Canopies

Our restaurant and resting area canopies are designed to create comfortable, inviting outdoor spaces that enhance customer experience. We design, fabricate, and install custom canopy structures that provide reliable shade and protection while complementing the style of your establishment.

Whether for cafés, hotels, lounges, or commercial premises, we tailor each canopy to fit your layout and branding. Built with durable materials and strong structural support, our canopies are made to withstand weather conditions while maintaining a clean, professional finish.

At MTS, we focus on delivering practical shade solutions that improve ambiance, extend usable space, and add long-term value to your property.

Restaurant Canopies

4

Gazebo Tents

Gazebo tents are where comfort meets atmosphere. Our gazebos are designed to turn open spaces into usable, beautiful environments perfect for relaxing, hosting, or welcoming guests outdoors.

From hotel courtyards and garden lounges to event spaces and private compounds, we supply and install gazebo tents that add character while providing dependable shade and shelter. Each structure is carefully selected or customized to suit your space, blending visual appeal with everyday practicality.

Whether you're creating a quiet outdoor retreat or a vibrant social area, MTS helps you shape spaces people enjoy spending time in.

Gazebo Tents

Resting Area Canopies

5

Resting area canopies are designed to offer comfort in open spaces giving people a shaded place to pause, relax, and recharge. At MTS, we create canopy structures that transform ordinary outdoor spots into welcoming resting zones for customers, staff, and visitors.

Ideal for roadside stops, commercial premises, institutions, and public spaces, our resting area canopies combine practical shade with clean design. Each structure is built to handle daily use while maintaining a neat, professional appearance that enhances the surrounding environment.

We focus on creating simple, durable solutions that make outdoor areas more usable helping you provide comfort while adding value to your space.

Resting Area Canopies

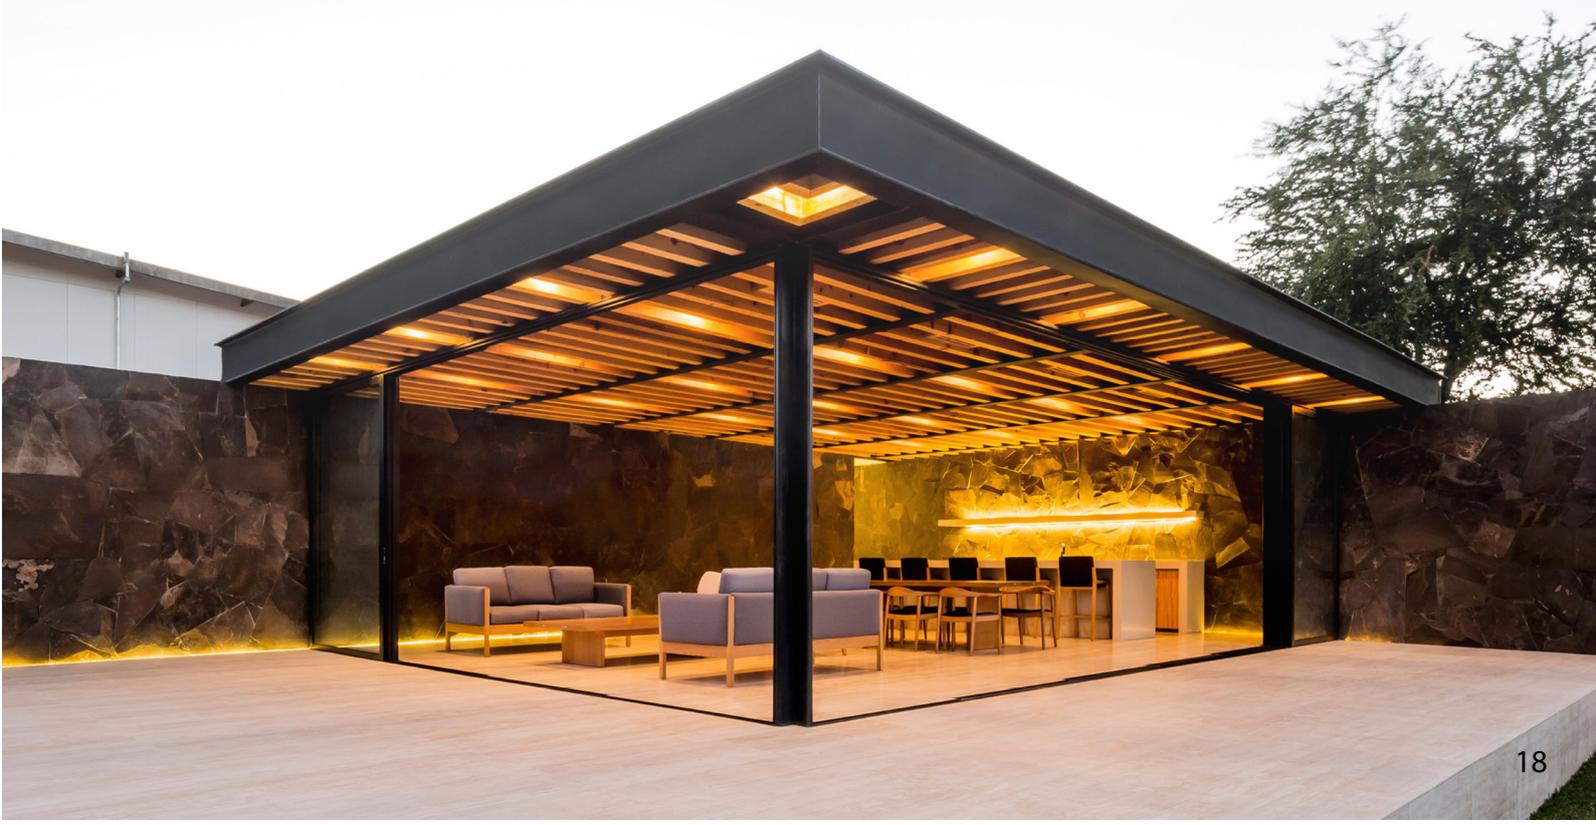

Pergolas Construction

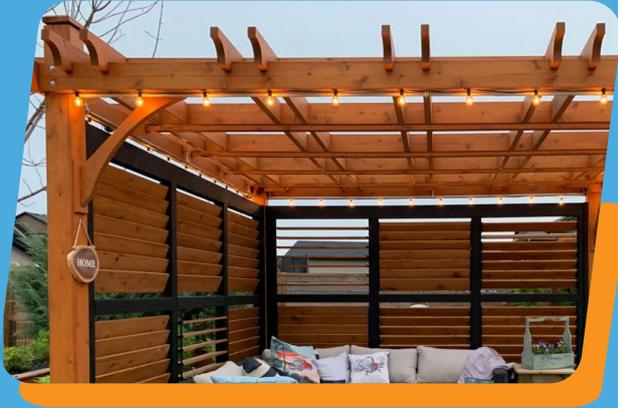

Pergolas add structure, shade, and character to outdoor spaces. At MTS, we design and construct custom pergolas that turn open areas into comfortable living and social zones perfect for homes, restaurants, hotels, and commercial properties.

Each pergola is built with durability and aesthetics in mind, using quality materials and clean finishing to suit your space and style. Whether you want a quiet garden retreat, a shaded dining area, or a stylish extension of your building, we work with you to create a design that feels natural and functional.

Our focus is simple: well-built pergolas that enhance your outdoor experience and add lasting value to your property.

Pergolas Construction

Event Tents

Our event tents are built to support moments that matter from weddings and corporate functions to exhibitions and community gatherings. We supply and install a range of tents designed to provide reliable shelter while creating organized, presentable event spaces.

Whether you need compact setups for private occasions or large tents for high-capacity events, we offer flexible solutions to match your scale and layout. Each structure is selected for stability, weather resistance, and clean finishing, ensuring your event runs smoothly regardless of outdoor conditions.

At MTS, we focus on tents that are easy to deploy, strong in structure, and adaptable to different environments helping you host confidently and professionally.

Event Tents

Tarpaulins (PVC / Canvas)

8

Our PVC and canvas tarpaulins are supplied for protection, coverage, and everyday outdoor use across commercial, industrial, and private applications. We provide durable sheets suitable for warehouses, construction sites, transport covers, temporary shelters, and general outdoor protection.

Available in different sizes and thicknesses, our tarpaulins are selected for strength, weather resistance, and flexibility – making them ideal for shielding equipment, creating temporary spaces, or safeguarding materials from sun and rain.

At MTS, we focus on practical tarpaulin solutions that perform in real conditions, offering reliable coverage that helps protect your assets and keep operations moving.

Tarpaulins (PVC/Canvas)

Shade Nets

Shade nets are about control controlling heat, light, and comfort in open spaces.

At MTS, we supply shade nets that help turn harsh outdoor areas into usable environments. Whether it's protecting crops, creating cooler seating areas, covering parking zones, or shielding materials on site, our shade nets offer a simple, effective way to manage sunlight without blocking airflow.

We provide different grades and sizes to match real needs on the ground from small garden applications to large commercial setups. The result is better comfort, reduced heat impact, and spaces that work better for people, plants, and operations.

Shade Nets

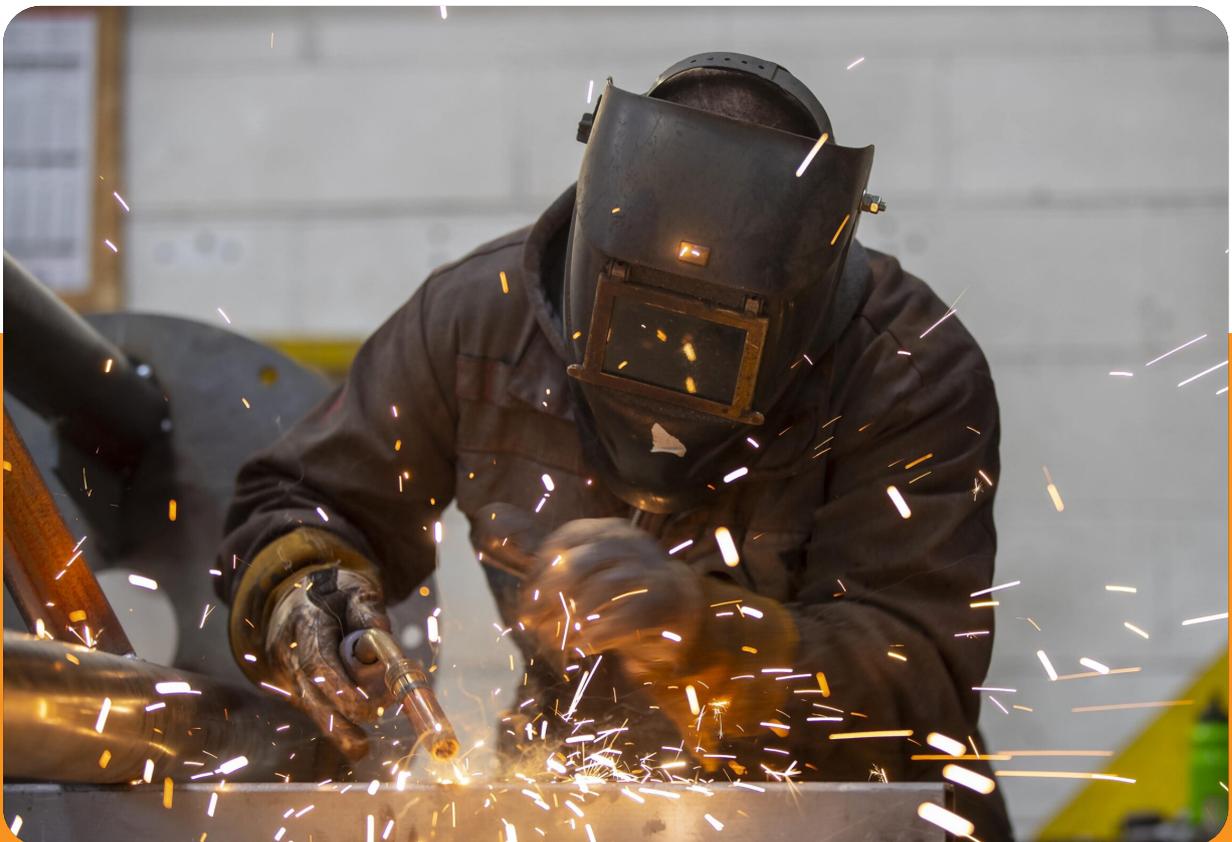

Welding & Fabrications

10

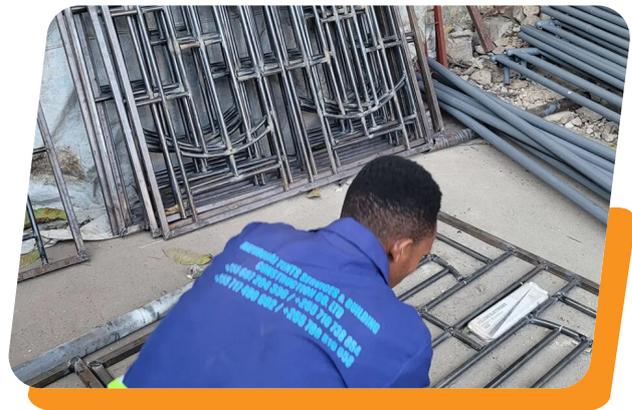

This is where ideas become solid structures.

At MTS, our welding and metal fabrication services focus on building strong, usable components from custom frames and supports to gates, railings, and structural steel works. We handle both small custom jobs and larger commercial fabrication, working with precision and attention to detail at every stage.

Our workshop team cuts, shapes, welds, and assembles metal to meet your exact requirements, using proven techniques and quality materials. Whether it's a repair, a custom piece, or a full fabrication project, we concentrate on strength, clean finishing, and practical design delivering metal solutions that are built to perform in real environments.

Welding & Fabrications

Warehouse Construction

11

When storage space is needed, it has to work immediately and efficiently.

At MTS, we design and build warehouse structures that provide practical, cost-effective storage solutions for businesses, contractors, and institutions. Whether you require a temporary setup for seasonal operations or a semi-permanent structure for ongoing use, we create spaces that are functional, secure, and adaptable.

Using durable frames and high-quality covering materials, our warehouse solutions are built to handle operational demands while allowing flexibility for expansion or relocation when needed. The focus is simple: reliable structures that support your workflow and protect what matters most.

Warehouse Construction

Why Choose MTS

● **All Services Under One Roof**

We provide complete solutions from design and fabrication to supply and installation allowing clients to work with one trusted partner instead of coordinating multiple vendors.

● **Strong & Durable Materials**

We use quality materials selected for real outdoor and construction conditions, ensuring every structure is built to last and perform reliably over time.

● **Experienced & Skilled Team**

Our team brings hands-on experience across construction, fabrication, and outdoor structures, delivering professional workmanship on every project.

● **Custom Solutions for Every Project**

No two projects are the same. We take time to understand your needs and provide tailored solutions that fit your space, purpose, and budget.

● **On-Time and Reliable Delivery**

We respect timelines and commitments, ensuring projects are completed as agreed and installations are delivered without unnecessary delays.

● **Quality Work You Can Trust**

From finishing to structural strength, we focus on doing the job right providing dependable results that clients can confidently rely on.
